## Summit Theme & Highlights

### Innovating India's Defence : The Next Generation of Warfare

---

#### BDTS 2026 Highlights:

Visionary Keynotes: Addresses from the highest echelons of Indian Defence, Government, and global technology leadership.

#### Technical Sessions:

- **Robotics & Autonomous Systems**: AI-powered autonomous systems, swarming drones, and human-robot collaboration for unmanned operations.
- **Space & ISR Technologies**: Dominating the high ground with satellite-based surveillance, data analytics, and secure communications.

#### Exhibition & Technology Showcase: Display of **the future of warfare**.

- **Live Hardware Demonstrations**: See physical prototypes and functional systems in action.
- **Unmanned Systems & Robotics Showcase**: Discover solutions from startups and established manufacturers, with a dedicated area for military-grade drones and autonomous vehicles.
- **Sensor & Surveillance Hub**: Engage with the latest ISR hardware, including cutting-edge sensors and radar systems.
- **Secure Communications & Command**: Examine the physical hardware that underpins the digital battlefield, from ruggedized communication devices to portable command centers.
- **Sponsorship Opportunities**: Secure exhibition booths to promote your brand and showcase your hardware directly to key decision-makers.

iDEX Innovate Challenge: A dynamic pitch battle showcasing India's most promising defence startups.

Roundtable Meetings : Curated, small-group breakfast discussions focused on specific defense technology topics or strategic collaboration areas.

---

#### Exclusive Leadership Dinner (Invite Only)

Attendees: Apex leadership from the Armed Forces, MoD, Defence PSUs, and pioneering private sector.

Purpose: Cultivate strategic relationships and explore high-impact partnerships for technological advancement in defence.

Value: An unparalleled opportunity for direct engagement with India's most influential defence minds.

## Why Attend BDTs

### Propelling India's Defence Towards Technological Supremacy

In an era of rapidly evolving global security landscapes, technological advantage is paramount. The Bharat Defence Tech Show (BDTS) 2026 is meticulously designed to be the epicenter of cutting-edge defence innovation, fostering a dialogue between the brightest minds in technology and the strategic needs of our nation's defence.

---

#### Why BDTs is Indispensable for You:

Unparalleled Insights: Gain exclusive access to thought leadership from top military brass, DRDO scientists, industry innovators, and global tech visionaries.

Deep Tech Exploration: Dive into sessions covering the most critical technologies shaping future warfare – from Robotics & Cybersecurity to Space & ISR.

Strategic Networking: Connect with a curated community of 500+ decision-makers, potential partners, and solution providers across the defence ecosystem.

Innovation Showcase: Discover ground-breaking solutions from India's vibrant startup landscape and established defence manufacturers in our dedicated Tech Showcase.

"Make in India" & "Atmanirbhar Bharat": Understand the roadmap for indigenous defence production and explore collaboration opportunities aligned with national priorities.

---

#### Who You Will Meet: Pre-scheduled opportunities to forge strategic partnerships.

- Senior Officials (MoD, DRDO, PSUs)
- Military Leadership
- Defence Industry CXOs & R&D Heads
- Founders of Defence Tech Startups
- Academics & Researchers
- Venture Capitalists & Investors

# Secure Your Place at India's Forefront of Defence Innovation

## Delegate Registration

**EARLY BIRD**  
(till 31<sup>st</sup> Oct '25)

**STANDARD**  
(till 31<sup>st</sup> Dec '25)

**LATE / SPOT**  
(after 31<sup>st</sup> Dec '25)

## Sponsorship Opportunities:
